|                                                                                             |               |
|---------------------------------------------------------------------------------------------|---------------|
| Naam of handelsmerk van de leverancier                                                      | SMEG          |
| Productcode                                                                                 | KSET66VNE2    |
| Annual Efficiency Consumption (AEC <sub>hood</sub> )                                        | 77.7 kWh/year |
| Energy efficiency class (EEC)                                                               | C             |
| Fluid Dynamic Efficiency (FDE)                                                              | 14.4          |
| Fluid Dynamic Efficiency class (FDEC)                                                       | D             |
| Lighting Efficiency (LE)                                                                    | 59 lux/W      |
| Lighting Efficiency Class (LEC)                                                             | A             |
| Grease Filtering Efficiency (GFE)                                                           | 76 %          |
| Grease Filtering Efficiency Class (GFEC)                                                    | C             |
| Air flow at minimum speed (Q <sub>min</sub> )                                               | 295 m³/h      |
| Air flow at maximum speed (Q <sub>max</sub> )                                               | 580 m³/h      |
| Airbourne acoustical A-weighted sound Power Emission at minimum speed (SPE <sub>min</sub> ) | 52 dB(A)      |
| Airborne acoustical A-weighted sound Power Emission at maximum speed (SPE <sub>max</sub> )  | 68 dB(A)      |
| Time increase factor (F)                                                                    | 1.5           |
| Energy Efficiency Index                                                                     | 83.5          |
| Measured air flow rate at best efficiency point (Q <sub>bep</sub> )                         | 322 m³/h      |
| Measured air pressure at best efficiency point (P <sub>bep</sub> )                          | 224 Pa        |
| Measured electric power input at best efficiency point (W <sub>bep</sub> )                  | 139 W         |
| Nominal Power consumption of the light system (WL)                                          | 2 W           |
| Average illumination of the light on the cooking surface (E <sub>middle</sub> )             | 130 lux       |
| Sound power level at highest setting (L <sub>wa</sub> )                                     | 68 dB(A)      |
